Deficient Asphalt Work

Work to remove and replace deficient roadway on Melrose Ave between Westbourne Dr and Private Drive (PDC) will take place on Thursday and Friday, October 26 & 27, 2023. This work is being expedited in conjunction with pre-existing LADWP closures on Huntley Dr. and to ensure it aligns with the final paving operation slated for early November.

Work activities includes:

- Parking removals in the construction zone
- Traffic lane reductions
- Flagman-controlled one-way traffic in east and west directions
- Huntley intersection closure on Oct. 26, 2023
- Westbourne intersection on Oct. 27, 2023
- Pedestrian access will remain open

We recommend considering alternative routes during this construction period to avoid potential delays.
