

| New Project - Weaver's Walk

We are excited to announce the start of construction for the *Weaver's Walk Project* at the corner of Melrose Avenue and Norwich Drive to begin on April 14th, 2025. As part of our efforts to keep the community informed and minimize any disruptions, we are hosting an online public outreach meeting and would like to invite you to attend.

During the meeting, we will provide an overview of the project, including the timeline, any expected impacts on local businesses, and the measures we are taking to ensure minimal disruption. There will also be an opportunity for you to ask questions you may have.

Your participation in this meeting is valuable to ensure that we address any issues that might affect your business operations during construction. We appreciate your input and are committed to keeping you informed throughout the process.

Please RSVP by scanning the QR Code to the top right and registering through the link provided. We look forward to connecting with you and working together to make this project a success for our community.
