

# WEHO | DESIGN DISTRICT STREETSCAPE

City of West Hollywood  
California 1984

## ■ Weaver's Walk - New Start Date May 12, 2025

We have an important update regarding the Weaver's Walk Project at the corner of Melrose Avenue and Norwich Drive. **The start of construction has been rescheduled to commence on May 12th, 2025.** The change in date is to accommodate the Design District's Legends Event.

As part of our continued efforts to keep the community informed and minimize any disruptions, we are hosting an online public outreach meeting and invite you to attend. **The next zoom meeting will be held on April 17th, 2025** and meetings will be held biweekly for the duration of the project.

During the meeting, we will provide an overview of the project, including the updated timeline, any expected impacts on local businesses, and the measures we are taking to ensure minimal disruption. There will also be an opportunity for you to ask any questions you may have.

Your participation is valuable to help us address any concerns that might affect your business operations during construction. We appreciate your input and remain committed to keeping you informed throughout the process.

*Please RSVP by scanning the QR Code to the top right and registering through the link provided. We look forward to connecting with you and working together to make this project a success for our community.*
